

International Workshop on Astronomical X-Ray Optics 2008

Villa Lanna, Prague, Czech Republic

December 2 – 6

The Workshop is organised by
Astronomical Institute of the Academy of
Sciences of the Czech Republic and
Czech Technical University in Prague.

40 participants from 7 countries are presenting and discussing partly recent and future technologies for future X-ray astronomy missions such as IXO of ESA/NASA/JAXA and Generation X by NASA and astrophysical aspects of X-ray telescopes/satellites.
